Determined by ASA Rules & Regulations-

See [www.asasoftball.com/about/certified\\_equipment.asp](http://www.asasoftball.com/about/certified_equipment.asp)

for a listing of bats in compliance and a list of bats not in compliance.

For Apex leagues a legal bat shall be of:

Maximum weight: 38 ounces

Maximum length: 34 inches

Able to pass through an umpire's ring

Have a circumference that is round and smooth

Not be titanium

**NOTE:** Should an injury occur, the bats and balls involved will only be confiscated if the coach with the injured player request that the equipment be taken. Once the equipment has been taken it CAN NOT be used for the remainder of the game and it will be held by the APRCR until pending accident investigation. Please see below to find out the penalty for use of altered and/or illegal-banned equipment.

- If the legality of a bat is questioned (including whether or not it has been altered from its original manufacturer's condition) by the opposing team during a game the supervisor will, at the next opportunity, mark the bat with an APRCR sticker tag and will place it on a bat rack hanging on the fence

between the field supervisor and the teams dugout, in plain sight of the umpires, supervisor and both teams. If the challenge is during a time at bat, the batter will be allowed to complete the time at bat before the bat will be marked. The team will be able to use the bat for the remainder of the game but after each at bat where it is used, it must be returned to the rack. As soon as practical following the game, the field supervisor will turn the bat in question over to APR&CR and the Program Supervisor in charge of Adult Softball will rule, to the best of his ability, whether the bat has been altered or is an illegal-banned bat by ASA standards. The ruling of the Recreation Program Supervisor will be final and may not be appealed. Once the determination has been made as to whether the bat has been altered and/or is illegal-banned, it will be returned to the owner. The following guidelines must be followed precisely in order to protest an illegal / altered bat.

- When a bat is protested at the field, a \$50.00 protest fee must be submitted to APR&CR within 24 hours of the scheduled game start time for the protest to be considered valid. Saturday & Sunday not included (Checks should be made payable to APR&CR). APR&CR will make every attempt to rule on the bat within 48 hours after it is submitted.  
*If the bat is found to be legal the \$50.00 protest fee will be kept by the APR&CR. If the bat is found to be illegal the \$50.00 protest fee will be returned to the protesting team consistent with the Town Finance Department procedures and the bat will be disqualified from further use.*
- Failure to pay the protest fee within the specified time, will prohibit the protesting team from protesting the legality of opponents bats for the remainder of the season.
- Once protested at the field, if the team and/or coach refuse to allow the field supervisor to tag the bat and/or refuse to turn in the bat to the field supervisor at the end of the game, the team's Head Coach will automatically receive a suspension of one calendar year from the league (without the right to appeal). In addition, the game in question will be forfeited and the owner of the bat will be suspended for 3 calendar years (without the right to appeal).
- If a bat is found to have been altered, or is otherwise determined to be illegal, the team's Head Coach will receive a one calendar year suspension and the owner will be suspended from the league for three calendar years.
- A second time offender under this altered or illegal-banned bat suspension process will be suspended from the APR&CR adult softball league for life.
