

# MAP 3.3 COMPREHENSIVE BIKE NETWORK

## ABOUT THIS MAP

This comprehensive network should be built incrementally over time. As Apex continues to grow, new development and roadway construction projects should incorporate these facilities. As progress is made on priority projects, new priorities should be selected from this comprehensive map of recommendations. Numbers on this page correspond to Table 3.1 Priority Project Checklist.

## # FULL PROJECT LIST

- |   |  |
|---|--|
| 1. Beaver Creek Greenway                  | 26. Roberts Rd                             |
