Good Morning,

In advance of the upcoming Town budget retreat, I would like to advocate and support funding to complete the Apex West/Beaver Creek Greenway connecting the American Tobacco Trail (ATT) to Apex Jaycee Park near downtown. The one specific unfunded segment remaining would connect the Apex Nature Park to Richardson Road and the ATT. With the final 700 ft. connection to tie in to the ATT approved for county funding recently, and the Apex Nature Park to Kelly Road Park connection proceeding to construction soon as well, the Apex Nature Park to Richardson Road connection will be all that remains to complete this important greenway.

Having a direct greenway connection from the ATT to so many other parks and attractions in Apex will enhance quality of life for residents by creating new recreational opportunities, expand regional bicycle/pedestrian connectivity, serve as an additional attractor for Triangle residents to visit Apex, and provide another incentive for prospective home buyers and businesses to choose Apex over other communities in the Triangle. At full build out the greenway will also serve as a viable alternative to driving for West Apex residents who frequently visit the Apex Nature Park, Kelly Road Park, Apex Jaycee Park, the ATT, and other destinations connected by the greenway.

Please consider making funding for design and construction of this project a high priority in the budget.

Thank you,

Ryan Brumfield

Please consider funding to complete the greenway from Richardson rd to apex nature park. The dead ending greenway now behind kinship ln would be great to complete. Currently residence are cut off from access to the rest of apex. Thank you

Nathan Cenis
