

June 5, 2023

Town of Apex Resident/Property Owner

Dear Resident or Property Owner,

Beginning June 2023, the Town of Apex will begin a Stormwater Condition Assessment project to assess and evaluate the condition of existing town-maintained storm drainage infrastructure. This project includes physical inspections of catch basins, storm drains, storm pipes, culverts, and outfalls. Inspections will be performed by engineering and / or surveying companies that have been contracted by the Town of Apex. These companies may need to temporarily access public drainage easements on your property with the sole purpose of inspecting Town stormwater infrastructure. Personnel with one or both of the following companies will be performing this work:

- > McAdams (Raleigh, NC)
- > VisionNC (Raleigh, NC)

Personnel with these companies will have copies of this letter and will be identifiable. The Town requests that you allow these contractors to temporarily access your property and appreciates your help in completing this project.

Learn more by visiting www.apexnc.org/contractor or by scanning the QR code below with the camera application on your mobile device. To contact the Town of Apex Water Resources department by phone, please call (919) 362-8166.

Sincerely,

Jessica Bolin
